# Logging in to Cloud Manager

You can log in to Cloud Manager from any web browser that has a connection to the Cloud Manager system. You should log in using a [NetApp Cloud Central](#) user account.

## Steps

1. Open a web browser and log in to [NetApp Cloud Central](#).

This step should automatically direct you to the Fabric View. If it doesn't, then click **Fabric View**.

2. Select the Cloud Manager system that you want to access.

If you don't see any systems listed, make sure that the Account Admin added you to the Cloud Central Account associated with the Cloud Manager system.

3. Log in to Cloud Manager using your NetApp Cloud Central credentials.

The screenshot shows the NetApp Cloud Central login interface. At the top, the text "NetApp Cloud Central" is displayed in blue, followed by "Continue to Cloud Manager" in black. Below this, there are two tabs: "LOGIN" (which is selected and highlighted with a blue underline) and "SIGN UP". Under the "LOGIN" tab, there are two input fields: "Email" with an envelope icon and "Password" with a lock icon. Below these fields is a large blue button labeled "LOGIN". At the bottom, there is a link that says "Forgot your password?" in blue text.
